

**Trusted, Sustainable Organic Ingredients
for Baby Food & Beyond!**

Founded with a commitment to excellence, Hipal Organik supplies premium-quality organic fruit and vegetable products to baby food manufacturers and other companies that prioritize high organic standards. Our product range includes Fruit Juice Concentrates, Purees and Deep Frozen IQF vegetables, all produced in compliance with the strictest organic and baby food safety regulations.

At Hipal Organik, sustainability is at the core of our operations. We take pride in our wild collection organic projects, dedicated organic farming areas, and strong collaborations with organic farmers. Through responsible sourcing and advanced processing techniques, we ensure that our products retain their natural purity, nutritional value and exceptional taste.

Our mission is to expand globally, increasing our production volumes while delivering the highest quality organic ingredients to new markets across continents.
